

Infant to Work Program

Event: SCHAC established an Infant to Work Program in April 2019. This program was developed to allow eligible employees who are new mothers and fathers bring their baby to work with them from the age of 6 weeks to 6 months.

This program allowed for Ms. Gable, staff counsel, to return back to work 3 weeks early. Also, SCHAC constructed an on site lactation room to support their mothers.

SCHAC was instrumental in developing the guidelines and poster requirements for all employers concerning the new SC Pregnancy Accommodation Act. This act was signed into law by Governor McMaster on May 17, 2018.
